

New Hampshire Chapter

LTC Partners or LTCP is awarded the 2019 Granite State Warriors Award. Under the leadership of Chief Executive Officer Paul Forte, LTCP serves more than one million veterans, service members and family members as customers enrolled in the Federal Long Term Care Insurance Program and the Federal Employees Dental and Vision Insurance Program through BENEFEDS. This number is likely to increase when family members who now receive their dental care through the TRICARE dental programs will eventually become eligible to enroll in the FEDVIP dental program.

LTCP has also been the sponsor, initiator, and driving force behind the New Hampshire Military Coaching Alliance, a mentoring program that began in early 2019. The purpose of this effort is to pair private sector business leaders who serve as personal mentors for retired veterans seeking to transition to the civilian workforce. In addition, LTCP is a regular sponsor of veteran job fairs geared to connecting hiring employers in the region with veterans seeking jobs. These events also included free career services like resume writing and were attended by service groups such as the VA, VFW and others.

LTCP has been recognized at both the state and federal levels for its commitment to veteran causes. Nearly 10% of its workforce are veterans and all job vacancies are posted to Hire Heroes USA, AMVETS and the NHESGR Facebook page.
